---

C/CAG Board Members,

I just want to share some transportation good news. About an hour ago, Senate Bill 1 ($5.2 Billion Transportation Package) and ACA 5 have passed both houses and on their way to the Governor's desk.

We would like to thank everyone for their hard work, especially each and every legislator representing San Mateo County for making such important decisions.

You may find some of the SB1 analysis on page 1 & 2 of the attached March 30th Report provided by Shaw/Yoder/Antwih under the "Transportation Funding" section.

Also attached is a preliminary analysis done by MTC staff on "Bay Area Local Impacts".

Please keep in mind these analysis were prepared days ago and would not reflect any last minute changes.

Regards,

Sandy Wong
